Internship Lesson Plans - Week 2

September 14th - September 18th

HS/TE21/0027

Department of English Language

Teaching University of Kelaniya

Name of the lesson - "From Doer to Receiver"-Unit 7 (Passive Voice - Simple Past Tense)

Name of the teacher	HS/TE21/0027	**Class**	Grade 8-A Grade 8-B CEFR A2
Date and duration	16 September 2026 17 September 2026 18 September 2026 **120 minutes (two hours)** 120 min *2	**Number of students**	Grade 8A - 20 Grade 8B - 18
		Technology Integration	Smart Board

Classroom profile:

The lesson is designed for two parallel Grade 8 classes, 8A and 8B, with 20 and 18 students respectively. The learners follow the Sri Lankan National Curriculum and their first language is Sinhala. English will be used as the main classroom language, supported by short instructions, modelling, visual examples and repetition. The three-period sequence is based on Unit 7, "The World of Children", Pupil's Book pages 71-74 and the related Workbook activities. The learners are approximately at CEFR A2 level and benefit from concrete examples, pair work and controlled practice before independent writing.

Rationale:

The lesson follows a communicative, guided-discovery and form-focused sequence. On Day 1, learners enter the topic through the library dialogue and vocabulary, then notice the passive forms "was donated" and "were borrowed" in a meaningful context. On Day 2, the lesson moves to explicit teaching of the simple past passive in the Smart Classroom using a colourful Smart Board note, guided examples from page 73 and a pair activity with active-voice chits. On Day 3, learners consolidate the target structure through Pupil's Book Activity 7.3 and Workbook Activities 1-3. The sequence therefore moves from context and noticing to rule formation, collaborative transformation and independent application.

Curriculum alignment:

Primary: Competency 6 - Uses English grammar for the purpose of accurate and effective communication; Competency Level 6.1 - Constructs simple sentences. The Grade 8 Teacher's Guide includes identifying the difference between active and passive voice and constructing passive-voice sentences in the past tense under this competency level.

Main aim:

The lesson aims to enable students to understand and accurately construct simple past passive sentences using was/were + past participle, and to apply the structure when responding to the textbook and workbook tasks.

Intended Learning Outcomes:

At the end of the three-period lesson sequence, students will be able to,

• Identify selected library vocabulary and understand the main information in the Unit 7 dialogue. (Remembering/Understanding)

• Distinguish simple active and passive sentences by identifying the doer, action and receiver. (Analyzing)

• Recall and explain the simple past passive pattern: was/were + past participle. (Remembering/Understanding)

• Convert simple active-voice sentences into passive voice with appropriate was/were and V3 forms. (Applying)

• Complete Pupil's Book Activities 7.2 and 7.3 using the target structure. (Applying)

• Complete Workbook Activities 1-3 and self-correct selected errors after feedback. (Applying/Evaluating)

Personal aims:

• To give concise instructions and check understanding before each task.

• To use the Smart Board purposefully to make the passive structure visual and memorable.

• To support lower-confidence learners through modelling, sentence frames and pair work.

• To monitor pair-chit work closely and correct common was/were and V3 errors supportively.

• To manage all three 40-minute periods effectively and complete the planned textbook/workbook tasks.

Skill integration:

• Reading is developed through the library dialogue and instructions in the Pupil's Book and Workbook. Speaking and listening are practised through role reading, teacher questioning and pair feedback. Writing is developed through controlled passive-voice transformations and completion tasks.

Anticipated problems:	**Solutions to anticipated problems:**
• A. Students may confuse the active and passive focus. • B. Students may choose was/were incorrectly. • C. Students may use the simple past form instead of V3 (e.g., was wrote). • D. Some learners may find irregular past participles difficult. • E. Pair work with chits may become noisy or take too long.	• A. Use a simple "doer -> action -> receiver" visual and move the object/receiver to the front. • B. Keep a singular/plural mini-grid visible: one = was; more than one = were. • C. Highlight V3 in a different colour and keep a short V1-V2-V3 support list on the board. • D. Pre-teach only the irregular forms required in the activities: written, given, taken, built, broken, bitten, sold. • E. Give one chit per pair, set a fixed time and use whole-class feedback rather than checking every pair orally.

Assumptions:

• Students can identify basic subject pronouns and common objects in simple sentences.

• Students are familiar with the simple past of common verbs at a basic level.

• Students can work in pairs and copy short grammar notes with teacher support.

• Students know or can learn common library words such as borrow, return, book and library through context.

Learning materials:

• Grade 8 English Pupil's Book, Unit 7, pages 71-74 (Appendix H).

• Related Grade 8 Workbook Activities 1-3 (Appendix H).

Day 1 - 16 September 2026 (40 minutes): Library dialogue, vocabulary and guided discovery

Stage	Aim	Procedure	Interaction patterns	Time
Lead-in - Library connection	To activate familiar experiences and introduce the situation.	T shows the library picture on p.71 and asks: "Have you borrowed a book from a library?" "What happens if a book is late?" Ss respond briefly. T introduces the situation: Hasini is returning borrowed books.	T-Ss Ss-T	4 min
Pre-task - Dialogue role reading	To understand the context and develop supported reading.	T assigns the roles Hasini and Librarian. T models the first exchange, then Ss read the dialogue on pp.71-72 in pairs. Selected pairs read short sections aloud. T checks the main ideas: Hasini returned two books; they were overdue; she paid a fine; she wanted a book about children's festivals and games.	T-Ss Ss-Ss Ss-T	10 min
Vocabulary focus	To clarify key library vocabulary needed for the dialogue task.	T displays/writes the vocabulary mini-chart: borrow, return, overdue, fine/late fee, reserve, requested. Ss match the words with simple meanings and complete the five sentences under the dialogue using the word bank: returned, overdue, late fee, borrow, requested. T checks answers quickly.	T-Ss S Ss-T	9 min

Stage	Aim	Procedure	Interaction patterns	Time
Guided discovery - Notice the passive	To help learners notice passive forms before explicit grammar teaching.	T draws attention to "It was donated by UNESCO" and "They were borrowed three weeks ago." T asks: "Which thing comes first - the doer or the thing receiving the action?" T contrasts one active/passive pair from p.73: "UNESCO donated the book." / "The book was donated by UNESCO." Ss underline was/were and the V3 forms.	T-Ss Ss-T	10 min
Mini oral check	To check the difference between active and passive focus.	T reads four short sentences and Ss show A for active or P for passive using fingers/cards or oral response. T briefly corrects and asks one learner to explain what comes first in a passive sentence.	T-Ss Ss-T	4 min
Closure	To summarize Day 1 and prepare for the grammar lesson.	Ss complete the sentence orally: "Passive voice focuses on _____." T previews Day 2: "Tomorrow we will learn the easy formula and change active sentences into passive."	T-Ss	3 min

Day 2 - 17 September 2026 (40 minutes): Smart Board grammar lesson, pair chits and Activity 7.2

Stage	Aim	Procedure	Interaction patterns	Time
Lead-in / recap	To reactivate the passive examples from Day 1.	T displays two sentences from the dialogue: "UNESCO donated the book." / "The book was donated by UNESCO." Ss identify active and passive. T asks which sentence focuses on the book.	T-Ss Ss-T	4 min
Pre-task Smart Board teaching -	To explicitly teach meaning, form and transformation steps.	In the Smart Classroom, T displays Appendix A. T teaches: Object + was/were + V3 + (by + doer). T highlights singular	T-Ss Ss-T	12 min

Stage	Aim	Procedure	Interaction patterns	Time
Simple Past Passive		=was; plural =were; V3 = past participle. T demonstrates the five steps using "Nisal wrote the letter." T also shows common pronoun changes after by: I-me, we-us, he-him, she-her, they-them. Ss answer short checking questions.		
Guided practice - Textbook model	To apply the rule with teacher support.	Using the examples on p.73, T and Ss transform: UNESCO donated the book; Nisal wrote the letter; The teacher painted these pictures; They gave us presents. Ss identify object, was/were and V3 in each example. T highlights that "by + doer" can be omitted when the doer is not important.	T-Ss Ss-T	7 min
While task 1 Pair activity - Active to Passive Chits	To practise active-to-passive transformation collaboratively.	Ss work in pairs. Each pair receives one active-voice chit (Appendix C), for example "Mother made the cake" or "The teacher painted the picture." Pairs write the passive form on the back / in the notebook using the five-step rule. After 3-4 minutes, pairs exchange chits with a nearby pair and check. T elicits 3-4 answers and corrects common errors. Give immediate feedback	Ss-Ss T-Ss	8 min
While task 2 Pupil's Book Activity 7.2	To practise the simple past passive in controlled sentence completion.	Ss complete Activity 7.2 on p.74 individually. T reminds them to look first at the subject: singular or plural, then choose was/were, then V3. Ss compare with a partner and T confirms the five answers.	S Ss-Ss T-Ss	7 min
Exit check	To confirm the key formula.	T asks: "What is the formula?" Ss respond chorally: "was/were + past participle." T	T-Ss Ss-T	2 min

Stage	Aim	Procedure	Interaction patterns	Time
		gives one prompt: “The mechanic repaired the bus.” One learner gives the passive form.		

Day 3 - 18 September 2026 (40 minutes): Textbook and Workbook consolidation

Stage	Aim	Procedure	Interaction patterns	Time
Lead-in / quick recap	To retrieve the rule before extended practice.	T writes two incomplete passive sentences: “The book ____written by Nisal.” and “The pictures ____painted by the teacher.” Ss supply was/were and recall V3.	T-Ss Ss-T	4 min
Production Pupil’s Book Activity 7.3	To transform historical-event sentences into passive voice.	Ss read the four active sentences on p.74. T models the first: “Christopher Columbus discovered America.” -> “America was discovered by Christopher Columbus.” Pairs convert the remaining three, then share answers.	T-Ss Ss-Ss Ss-T	8 min
Workbook Activity 2 - Sentence puzzle	To reinforce word order in passive sentences.	T uses the Workbook Activity 2 table as a sentence-building task. In small groups/pairs, Ss combine receiver + was/were + V3 + by + doer to make the four historical passive sentences. T checks word order and underlines was/were + V3.	Ss-Ss T-Ss	7 min
Workbook Activity 1	To practise completing passive forms with familiar verbs.	Ss complete Workbook Activity 1 individually: born, cleaned, painted, written, written, built. T monitors and supports irregular V3 forms. Ss check answers with a partner before whole-class feedback.	S Ss-Ss T-Ss	8 min
Workbook Activity 3	To apply the full active-to-passive transformation	Ss work in pairs to convert the five active sentences in Workbook Activity 3. Each pair completes at least three within the time;	Ss-Ss Ss-T	9 min

Stage	Aim	Procedure	Interaction patterns	Time
	independently and collaboratively.	faster pairs complete all five. T invites answers and briefly corrects object position, was/were, V3 and by + doer.		
Feedback / closure	To consolidate learning and identify remaining difficulties.	T writes one correct model and one common error ("The letter was wrote by Nisal"). Ss correct the error to "was written." T asks: "What three things must we remember?" Expected: receiver first, was/were, V3. T praises effort and closes the three-period sequence.	T-Ss Ss-T	4 min

Assessment and feedback:

Assessment is formative across all three periods. The teacher observes whether learners can identify active/passive focus, select was/were according to the new subject, use the correct past participle, maintain basic word order and complete the required textbook/workbook items. Evidence is collected through dialogue comprehension, the vocabulary completion, Smart Board oral responses, pair-chit transformations, Activity 7.2, Activity 7.3 and Workbook Activities 1-3. The checklist in Appendix G can be used for quick monitoring.

Appendix A - Colourful Smart Board Note: Passive Voice - Simple Past

Display this note during the Day 2 grammar presentation. Learners copy only the formula, one example and the short pronoun list if time is limited.

PASSIVE VOICE - SIMPLE PAST

Focus on the action or the receiver of the action

1. WHY DO WE USE IT?

Active voice focuses on who does the action. Passive voice focuses on the person or thing that receives the action.

2. FORMULA

Object + was / were + V3 + (by + doer)

Singular -> was **Plural -> were** **V3 = past participle**

3. FIVE EASY STEPS

1 Find the object.

2 Move the object to the front.

3 Choose was or were.

4 Change the verb to V3.

5 Add by + doer when it is useful.

4. EXAMPLES

ACTIVE: UNESCO donated the book.
PASSIVE: **The book was donated by UNESCO.**

ACTIVE: Nisal wrote the letter.
PASSIVE: **The letter was written by Nisal.**

ACTIVE: The teacher painted the pictures.
PASSIVE: **The pictures were painted by the teacher.**

5. REMEMBER

- Pronouns after by: I -> me | we -> us | he -> him | she -> her | they -> them
- Common V3 forms: write -> written | give -> given | take -> taken | build -> built
- If there is no object, we normally cannot make a passive sentence.

Appendix B - Library Vocabulary Mini-Chart

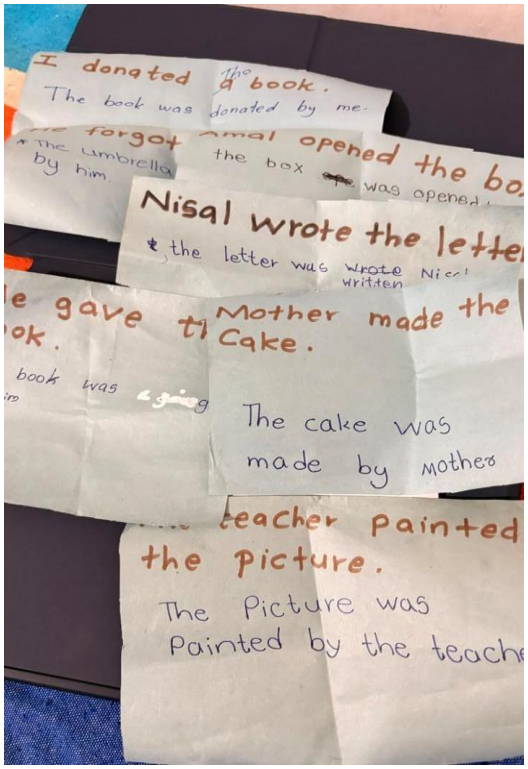

Word	Very simple meaning
borrow	take something and give it back later
return	give it back
overdue	late; not returned on time
fine / late fee	money you pay because something is late
reserve	ask someone to keep something for you
requested	asked for something

Appendix C - Active-to-Passive Pair Chits

Cut the boxes into separate chits. Give one active sentence to each pair. Learners change it into the passive voice and then exchange with another pair for checking.

I donated a book.	**Nisal wrote the letter.**
Mother made the cake.	**The teacher painted the picture.**
He opened the box.	**She gave him a book.**
The mechanic repaired the bus.	**A dog bit Ruvin last week.**

Workbook Activity 3.

Name of the lesson - “Word Builders!” - Compound Nouns			
Name of the teacher	HS/TE21/0027	**Class**	7 A 7 B CEFR A1
Date and duration	14 September 2026 15 September 2026 **80 minutes*2**	**Number of students**	29 - Grade 7A 29 - Grade 7B

Classroom profile:

The lesson is designed for two parallel Grade 7 classes, 7A and 7B, with 29 students in each class. The learners follow the Sri Lankan national curriculum and are mixed-ability learners whose first language is Sinhala. English is used as the main classroom language, with short instructions, modelling, visuals and peer support to make the vocabulary accessible. The learners are approximately at CEFR A1 level and respond well to games, matching tasks, pair work and small-group challenges.

Rationale:

This two-period lesson uses guided discovery and game-based vocabulary practice. Learners first notice how two familiar words can join to create a new noun, then study the textbook explanation and three common written forms of compound nouns: one word, two words and hyphenated forms. Practice moves from matching word halves and completing sentences to forming new compounds, identifying them in context and solving jumbled-word challenges. Pair and group work reduce pressure on lower-confidence learners and allow many students to participate at the same time.

Curriculum alignment:

Competency 4 - Builds up vocabulary using words appropriately and accurately to convey precise meaning.
Competency Level 4.6 - Identifies collective nouns and compound nouns. The expected learning outcome is that students will be able to identify collective nouns and compound nouns when used in context.

Main aim:

The lesson aims to enable students to recognise, form and use common compound nouns accurately through textbook, workbook, pair and group activities.

Intended Learning Outcomes:

At the end of the two-period lesson sequence, students will be able to:

• identify compound nouns in familiar contexts and examples;

• explain in simple terms that a compound noun is made from two or more words which together form a new noun;
• recognise common written forms of compound nouns: one word, two words and hyphenated forms;
• match word halves to form appropriate compound nouns;
• complete short sentences using suitable compound nouns;
• form additional compound nouns from given word sets and solve selected jumbled compound words;
• work cooperatively in pairs and groups while checking vocabulary and spelling.

Personal aims:

• To give short, clear instructions and demonstrate each task before learners begin.
• To use games and word cards to make vocabulary learning enjoyable and memorable.
• To monitor lower-confidence learners closely and encourage peer support.
• To manage both 40-minute periods efficiently so that the main textbook and workbook tasks are completed.

Skill integration:

• Vocabulary is the main focus. Reading, speaking, listening and short guided writing are integrated through matching, sentence completion, pair checking and group word-building tasks.

Anticipated problems:	**Solutions to anticipated problems:**
A. Students may join words randomly without considering whether the new word has a meaningful compound-noun meaning. B. Students may be confused because some compound nouns are written as one word, some as two words and some with a hyphen. C. Learners may find the jumbled-word task difficult. D. Group competitions may become noisy or a few confident learners may dominate. E. Some pairs may finish much earlier than others.	A. Model several familiar examples and ask learners to explain the new meaning before accepting an answer. B. Keep the colourful board chart visible and show one clear example of each written form. C. Allow learners to underline familiar word parts and give the first letter as a scaffold when necessary. D. Give each group a speaker/recorder role, use a fixed time limit and award points for correct teamwork rather than speed alone. E. Give faster finishers a short “make one more compound noun” challenge while the teacher supports slower pairs.

Assumptions:

- Students know common everyday nouns such as bus, book, school, sun, flower, water and room.
- Students can read short words and simple sentences with teacher support.
- Students can work in pairs and small groups when clear roles and time limits are given.
- Students have previously met some compound nouns in everyday English even if they do not know the term “compound noun”.

Learning materials:

- Grade 7 English Pupil’s Book, pp. 94-95 - Compound Nouns, Activities 8 and 9 (Appendix E).
- Grade 7 Workbook - Activities 05, 06 and 07 (Appendix E).
- Colourful Compound Nouns board chart / student note (Appendix A).
- Word-part cards/chits for the warm-up and group Word Builder challenge (Appendix B).
- Teacher answer/support sheet for the core textbook activities (Appendix C).
- Quick formative assessment checklist (Appendix D).
- Whiteboard and markers.

Day 1 - 14 September 2026 (40 minutes): Discovering and matching compound nouns

Stage	Aim	Procedure	Interaction patterns	Time
Warm-up - “Two Words, One New Word”	To settle the class and activate familiar vocabulary in a playful way.	T writes/shows 3 quick pairs on the board without explaining the lesson: sun + flower, foot + ball, school + bag. Pairs have 30 seconds to say the new word. T asks: “What happened when we joined the two words?” Ss give ideas. T praises funny or close answers and announces: “Today we are word builders.”	T-Ss Ss-Ss	4 minutes
Pre-task - Word Partner Challenge	To help learners discover that two words can combine to	T gives each pair 2-4 word-part cards from Appendix B. Pairs try to match them: traffic + light, bus + stop, book + shop, railway + station, rush + hour. Pairs hold up one completed compound. T checks meaning with a simple question	T-Ss Ss-Ss	7 minutes

Stage	Aim	Procedure	Interaction patterns	Time
	form one new noun.	or gesture and asks learners to notice that the combined expression names a person, place, thing or idea.		
While-task 1 - Teaching the concept	To clarify the meaning and common written forms of compound nouns.	Using the colourful chart in Appendix A, T explains: compound nouns are made from two or more words and together form a new noun. T presents the textbook examples and shows three common written forms: one word (hairdresser / firefly), two words (post office / swimming pool), and hyphenated (passer-by / forget-me-not). T checks understanding by asking Ss to identify the two smaller words in selected examples.	T-Ss Ss-T	9 minutes
While-task 2 - Textbook Activity 8(A)	To practise matching word halves to form compound nouns.	Ss open Pupil's Book p.94. In pairs, they match column A with column B. T models one example only, then monitors. When most pairs finish, T invites different pairs to give one answer each and the class checks together.	Ss-Ss T-Ss	8 minutes
Post-task 1 - Textbook Activity 8(B)	To use the newly formed compound nouns in meaningful sentence contexts.	Ss complete the five sentences in Activity 8(B), p.95, individually for 4 minutes. They then compare with a partner. T checks answers quickly with the whole class and asks which clue in each sentence helped them choose the noun.	S Ss-Ss T-Ss	9 minutes
Closure - 3-2-1 check	To consolidate	T asks: "What is a compound noun?" Ss give a short answer. T then calls out	T-Ss Ss-T	3 minutes

	the key idea before the next lesson.	three examples; learners show 1 finger for one word, 2 fingers for two words, and make a small hyphen gesture with two fingers for a hyphenated form. T previews: “Tomorrow you will build many more.”		

Day 2 - 15 September 2026 (40 minutes): Building, identifying and using compound nouns

Stage	Aim	Procedure	Interaction patterns	Time
Warm-up - Compound Noun Chain	To reactivate the target vocabulary quickly.	T says the first half of a familiar compound and points to a pair/group to complete it: “sun…”, “bus…”, “traffic…”, “book…”. The responding group then chooses the next first word from the board for another group.	T-Ss Ss-Ss	4 minutes
Quick recap	To recall the definition and written forms from Day 1.	T displays/writes the three-form mini chart: one word / two words / hyphenated. Ss give one example for each. T corrects only essential spelling and meaning errors.	T-Ss Ss-T	4 minutes
While-task 1 - Textbook Activity 9	To form compound words from two smaller words.	Ss work in pairs on Pupil’s Book p.95, Activity 9. To save time, Partner A completes items 1-8 and Partner B completes 9-15, then they teach/check each other. T elicits the completed compounds and briefly draws attention to open, closed and hyphenated spellings where they occur.	Ss-Ss T-Ss	9 minutes

Stage	Aim	Procedure	Interaction patterns	Time
While-task 2 - Workbook Activity 05	To identify compound nouns in sentences and form compounds by matching.	T forms 4-5 small groups. For Activity 05(1), each group receives/handles only two assigned sentences and underlines the compound noun(s). Groups report their answers. Then pairs complete the matching task in Activity 05(2). T checks quickly by calling the first word and asking the class for its partner.	Ss-Ss G-G T-Ss	9 minutes
While-task 3 - Workbook Activity 06: "Word Factory"	To create possible compound nouns from a word bank.	Each group studies the Activity 06 word bank and tries to build as many acceptable compounds as possible in 5 minutes. One recorder writes the group answers. T accepts textbook-appropriate/common compounds and asks groups to explain the two smaller words in one example.	G-G Ss-T	6 minutes
Post-task - Workbook Activity 07: Unscramble Challenge	To consolidate compound-word recognition and spelling through a puzzle.	Pairs solve as many jumbled compound words as they can in 5 minutes. T reveals/checks the answers progressively, giving the first letter if a pair is stuck. Faster pairs try to use one solved word in a short sentence.	Ss-Ss T-Ss	6 minutes
Closure / Exit ticket	To check individual understanding and end the lesson clearly.	Each learner writes one compound noun in the notebook and labels it as one word, two words or hyphenated. T asks 2-3 learners to share before closing.	S Ss-T	2 minutes

Assessment and feedback:

Assessment is formative across both periods. The teacher checks whether learners can recognise compound nouns in context, combine appropriate word halves, complete sentences meaningfully and form/unscramble compounds with acceptable spelling. Evidence comes from pair matching, textbook Activities 8 and 9, Workbook Activities 05-07, group responses and the individual exit ticket. The checklist in Appendix D can be used for quick monitoring.

Appendix A - Colourful Compound Nouns Board Chart / Student Note

COMPOUND NOUNS

Name of the Lesson - "Compare and Win!"- Comparative and Superlative Adjectives			
Name of the teacher	HS/TE21/0027	**Class**	Grade 8-A Grade 8-B CEFR A2
Date and duration	11th September 2026 16th September 2026 40 minutes*2	**Number of students**	Grade 8B- 20 Grade 8A-18
Technology Integration		Smart Board, PowerPoint presentation	

Classroom Profile:

The class consists two parallel grade 8 classes , 8A and 8B, with 20 and 16 students in each class, students who follow the Sri Lankan National Curriculum. The first language of all learners is Sinhala; however, English will be used throughout the observation lesson. The learners are approximately at CEFR A2 level and need clear instructions, visual support, repetition and controlled practice. The lesson is based on Unit 5, pages 55-57 of the Grade 8 English Pupil's Book and focuses on Competency Level 6.6: using comparative and superlative adjectives appropriately to compare nouns.

Rationale:

The lesson follows a Communicative Language Teaching approach with guided discovery and an explicit focus on form. Learners first notice differences through colourful Smart Board visuals before the grammatical rules are presented. The PowerPoint then highlights the positive, comparative and superlative forms and the main formation rules. The individual "Rainbow Park" task provides quick controlled practice and allows the teacher to monitor each learner. The final printed quiz is completed collaboratively by two teams, Girls and Boys, under an eight-minute Smart Board timer. This gives learners a motivating opportunity to retrieve and apply the rules while allowing the teacher to conduct a short formative assessment within the 40-minute period.

Main Aim:

The lesson aims to enable students to form and use comparative and superlative adjectives accurately when comparing people, animals and things in simple spoken and written sentences.

Intended Learning Outcomes:

At the end of the lesson, students will be able to,

- identify the positive, comparative and superlative forms of common adjectives;
- apply the main formation rules: -er/-est for short adjectives, doubling the final consonant where appropriate, changing consonant + y to i, using more/most with long adjectives, and using common irregular forms;
- use "than" correctly in comparative sentences and "the" before superlative forms;
- complete the four-item Rainbow Park gap-filling task independently;
- work collaboratively to answer the final team quiz within the given time.

Personal Aims:

- To provide concise and clear instructions suitable for lower-level Grade 8 learners.
- To use the Smart Board and PowerPoint purposefully to make grammar rules visible and memorable.
- To monitor individual performance during the Rainbow Park task and provide immediate support where necessary.
- To manage the Girls vs Boys team quiz fairly and keep the class focused during the eight-minute timer.
- To manage the 40-minute observation lesson confidently and complete all planned stages on time.

Skill Integration:

Speaking and Writing are the main integrated skills. Reading and Listening are also practised through the PowerPoint examples, oral responses, the individual gap-filling task and the final team quiz.

Anticipated Problems:	**Solutions to Anticipated Problems:**
A. Students may confuse comparative and superlative forms. B. Students may forget to double the final consonant in forms such as big-bigger-biggest and fat-fatter-fattest. C. Students may form incorrect combinations such as “more bigger” or “most fastest”. D. Students may forget “than” after comparative adjectives and “the” before superlatives. E. Some learners may take too long during the individual task or the team quiz. F. The Smart Board or timer may fail.	A. Keep the visual rule on the screen: two things = comparative; three or more = superlative. B. Highlight the one-vowel + one-consonant rule and model the doubled letter clearly in red. C. Contrast the incorrect and correct forms and remind learners that short adjectives take -er/-est. D. Keep the sentence frames “A is bigger than B” and “C is the biggest” visible during practice. E. Give a clear time warning, monitor actively, and stop each task when the planned time ends. F. Use the whiteboard and a phone/clock timer as a backup; the quiz is already available in printed form.

Assumptions:

- Students already know some basic adjectives such as big, small, tall, fast and beautiful.
- Students can understand short classroom instructions in English with visual support.
- Students can read short multiple-choice items and write/select one-word answers.
- Students are familiar with individual work and simple team competition.

Learning Materials:

- Smart Board and final PowerPoint presentation (Textbook pages 55-57).
- Grade 8 English Pupil’s Book, Unit 5, pages 55-57.
- Printed “Rainbow Park” individual activity sheet - one copy per student (Appendix A).
- Printed final quiz sheets - one for Team Girls and one for Team Boys (Appendix B).

- Eight-minute countdown timer displayed on the Smart Board.
- Whiteboard, markers, pens/pencils and teacher answer key.

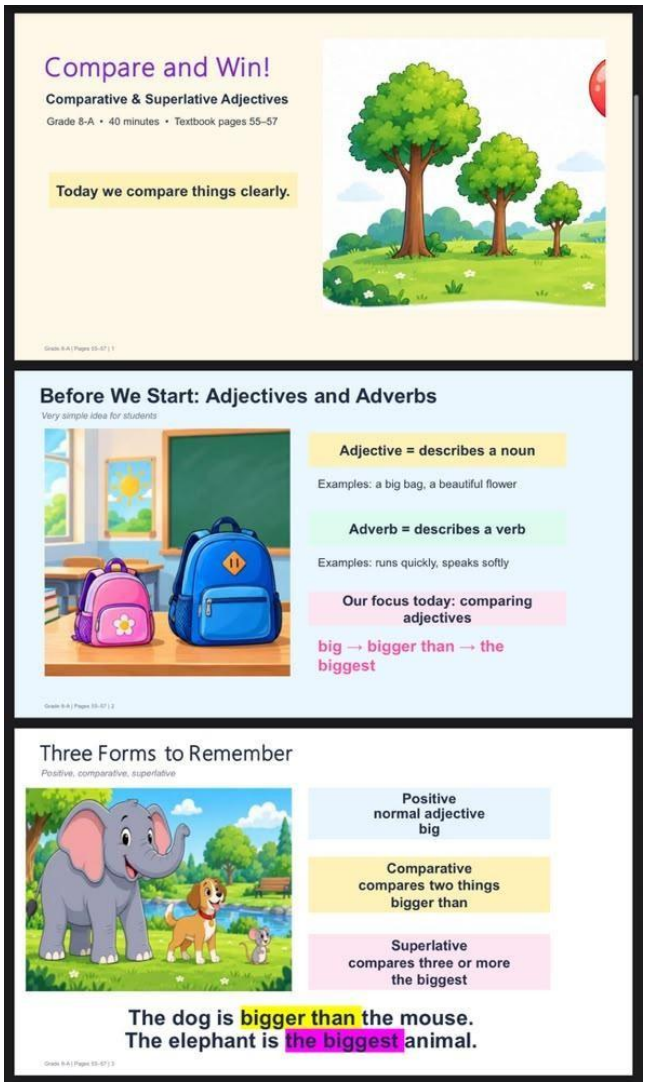

Stage	Aim	Procedure	Interaction patterns	Time
Warm-up	To activate prior knowledge and clarify the lesson focus.	T displays the "Before We Start" slide. Ss identify the adjective and the adverb in two simple examples. T briefly states that adjectives describe nouns and that today the class will compare nouns. T introduces the lesson title "Compare and Win!".	T-Ss Ss-T	4 minutes
Lead-in	To introduce comparison through familiar visuals.	T displays the colourful bag/comparison picture and elicits big - bigger - biggest. T introduces the three forms: Positive = normal adjective; Comparative = compares two things; Superlative = compares three or more things. T checks understanding with two quick oral questions.	T-Ss Ss-T	5 minutes
Pre-task	To present the rules and sentence patterns clearly.	Using the PowerPoint, T teaches the main rules: short adjectives take -er/-est; one vowel + one final consonant is doubled; consonant + y changes to i; long adjectives use more/most; and special forms such as good-better-best and bad-worse-worst. T then highlights "comparative + than" and "the + superlative". Ss repeat selected examples and answer brief concept-checking questions.	T-Ss Ss-T	11 minutes

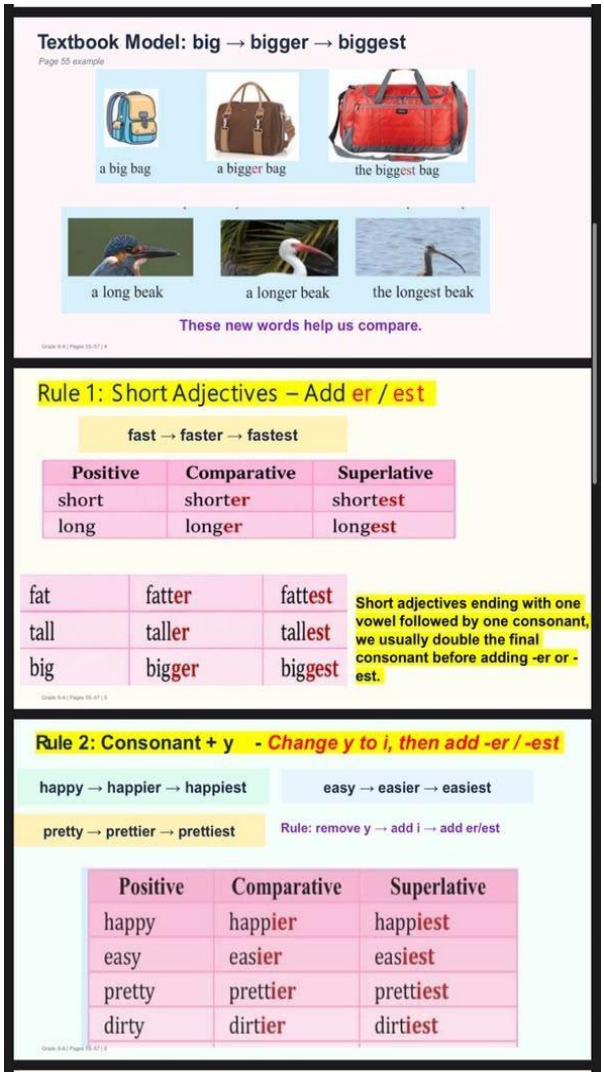

Stage	Aim	Procedure	Interaction patterns	Time
While-task	To provide guided, individual and collaborative practice.	Part 1 - Guided practice (5 min): Ss complete the three bag sentences orally after a brief pair discussion. T confirms the answers. Part 2 - Rainbow Park individual task (4 min), Each S completes the four printed gap-fill items independently. T monitors and then checks the answers quickly. Part 3 - Team Quiz (8 min): The class is divided into Team Girls and Team Boys. Each team receives one printed quiz sheet and chooses one writer. Team members discuss and agree on answers while an 8-minute countdown timer is displayed on the Smart Board. At zero, both teams stop writing.	T-Ss S Ss-Ss Ss-T	17 minutes
Post-task	To assess learning, give feedback and close the lesson positively.	T checks the two quiz sheets with the class, awards one point for each correct answer and announces the winning team. T ends with a rapid recap, positive = normal adjective; comparative = two things + than; superlative = three or more + the. T provides immediate feedback regarding two quizzes.	T-Ss Ss-T	3 minutes
